Yoobee Online End of Year Showcase Yearbook

YOOBEE ONLINE CAMPUS.

Wow—the end of 2022. Where did that year go? It's the first official year of the Online Campus, and we have seen intakes start and finish throughout the year. We are delighted to have supported every student through their learning journey to achieve their goals, dreams and qualifications. So welcome to the Nebula Student Showcase Booklet—celebrating student achievement for 2022.

What is the Online campus and Yoobee Online? It's an asynchronous environment where students and Online teamwork, study, support, strive and thrive. It's a space where all the learning content is accessible 24/7 and is facilitated by the tutors to help students better understand the knowledge and skills used within their chosen industry. It's the centralised space where students and the Online team, scattered across Aotearoa/New Zealand and the globe, can come together for the joy of learning.

Like on campus in a face-to-face space, there is a team of people: the Campus Administrator, the Academic Administrator, the Campus Manager, the Team Leaders, the Online Learning Support, and the tutors. You will see these people within this booklet on PAGE 26. I hope you get a sense of the incredible virtual campus we are proud to be part of. Enjoy browsing the contributions of our students. We have enjoyed being part of their journey.

Te Anau Bird Sanctuary (Concept Website)

This is a website I created for my Interactivity assessment. I chose to use Te Anau Bird Sanctuary as the topic because I love birds and nature. Designing the website was so much fun, and I particularly enjoyed connecting all the buttons and pages – very satisfying when it finally worked! :)

Certificate in Creative Media (Level 4)

Matariki Street Market Poster

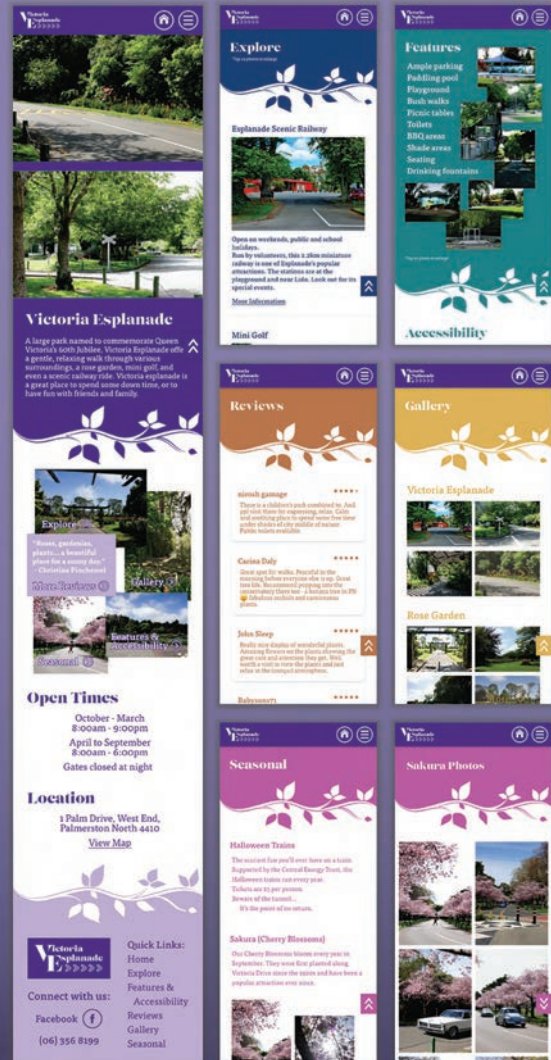

Designed an A3 sized poster for a Matariki Street Market event in celebration of the Maori New Year. 3 other Marketing Materials were designed to help support concept.

Certificate in Creative Media (Level 4)

Victoria Esplanade Website

This is the website that I designed for the Interactivity Module. It is about the Victoria Esplanade, focusing on its special features and beautiful nature. I designed the website to be user friendly and easy to use. Out of the four projects in this course, this is my favourite.

Certificate in Creative Media
(Level 4)

Ponsonby Central Christmas Market

It is an informative website with few external links for Christmas Market, with hover motion added on links and green colour palette use for Christmas-like mood.

animator.ten@gmail.com

Owl Surprise

This animation is of a boy sitting in a tree in the summer time reading a book – not a care in the world. Suddenly, an owl flaps out at him! The boy is so surprised he falls off the branch. This certainly was a fun project to make!

Little Beateas

In the hopes to attract and engage a new audience to an existing New Zealand brand, I chose to reimagine a product for the brand 'Little Beauties'. Little Beauties primarily sell dried fruit snacks, and from this, I created a new line of fruit tea for the brand and renamed it 'Little Beau-teas'.

MyCovidRecord App

This software system is a vaccine information system specifically for the coronavirus or more commonly known as COVID-19 virus.

This system is designed to maximize the user's as well as the vaccine information system administrator's productivity by providing tools to assist in viewing COVID-19 records, including test and vaccine records and managing this information so it is current and readily available.

Tauranga Crossing Design Foundation Summative

For the design foundation summative, I chose to design a brochure for Tauranga Crossing. The use of current colours, fonts and designs brings the shopping centre to you and informs you about everything you need to know.

Recreational Interface – Twizel Recreation

For this project we were set out to create a recreational interface for our local council. Twizel has a crisp outdoorsy feel which I depicted within my design. You can always see the mountains on the horizon and there are plentiful emerald forests and lakes around which I depicted in the title screen. I made all graphics using adobe illustrator and the app with adobe XD which yoobee provided.

Classic flyers

A tri-fold brochure can hold a lot of information the client needs in text and graphics form. Also, a brochure can distribute easily and display on standard brochure racks which are generally in airports, train stations, town information centers, backpackers' receptions and etc.

Specification:
A double-sided printed A4 tri-fold brochure that includes images from the Museum.

A-Team Fitness Mockup

This mockup was created to meet the needs of a fitness centre looking for a colourful, inviting, intuitive, user-friendly user interface. It was designed to be responsive across a range of devices. The mockups were created by Thomas King, a techie from the WUX programme with a penchant for design and UX.

Diploma in Web & UX (Level 6)

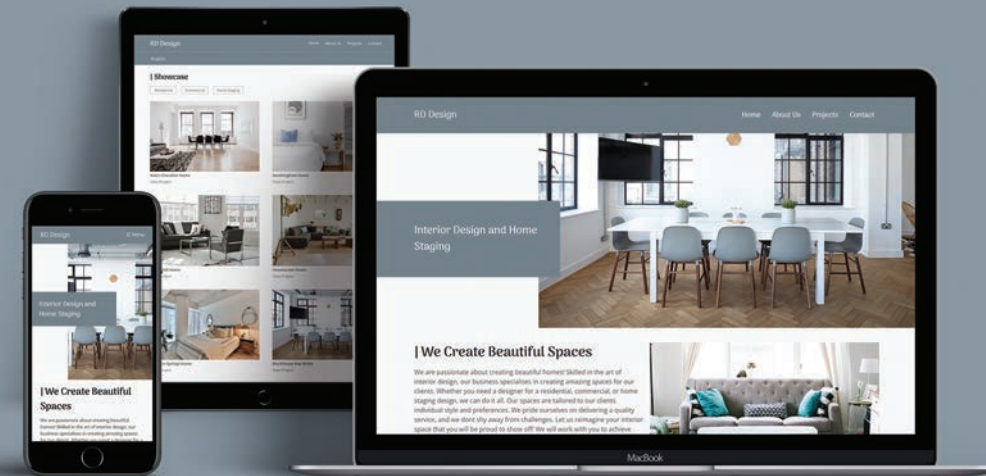

Anjileen Daji

Custom Wordpress Theme

The brief for this project was to create a custom theme for a client using Wordpress CMS. The theme was to be made responsive for all screen sizes. Server-side code was added to allow the client to easily update all sections of the content themselves.

Diploma in Web & UX (Level 6)

2022 Yoobee Online

Members of Staff.

POONAM DEO

Campus Manager

It brings me immense pride and honour to showcase the inspirational and innovative work of our 2022 Online Campus Students. The Online Campus started at the beginning of this year, and we have encountered some trials and tribulations along the way. Still, we are soldiering on our quest to make education accessible and flexible for learners. This exhibition is very special to us as we acknowledge the months of hard work and the actualization of successes achieved by our students.

I want to acknowledge all our online staff and say thank you for your hard work and commitment to supporting our students. Our student's success is our success.

CECILIA UYS

Team Lead

Charlie Peacock said "It's not just about creativity, it is about the person you're becoming while you're creating."

In this booklet we reflect on the creativity and passion of our students who chose to embark on a creative journey. Not only working on their skills and improving their abilities, but also learning more about themselves and who they are. May this be the start of a great journey!

DWEEP KHIRSARIYA

Team Lead

The future is now! This booklet is the essence of innovation and creativity that would inspire all of us. It brings immense pride and honour to us to have joined the Yoobee Online students in their journey of learning and experimenting. We can't wait to see what you come up with in 2023. Merry Christmas and Happy New Year!!!!
